

- Performance evaluation of energy-efficient multi/many core systems

Author information:

Full papers following the guidelines of the International Green and Sustainable Computing (IGSC) Conference ([IGSC website](#)) are sought. All papers should be submitted electronically (in PDF format) using the instructions at *website_name_here*. All submitted/invited manuscripts will be reviewed and evaluated on correctness, originality, technical strength, significance, quality of presentation, interest, and relevance to the scope of the workshop.

Papers presented at the workshop will be published in the official conference proceedings (through IEEE Digital Library—IEEE Xplore) contingent on two conditions: (1) One author of each accepted paper must register for the conference at the time of the submission of the accepted final manuscript and (2) One of the authors must appear to present the paper at the workshop. Please note that each accepted workshop paper will require a full IGSC registration at the IEEE member or at the non-member rate (NOT student rate). There will be no separate workshop-only registration.

Submission Due: August 25, 2017

Notification of Acceptance: September 15, 2017

Camera-ready paper due: September 22, 2017

Workshop organizers:

Behrooz Shirazi, shirazi@wsu.edu, Washington State University

Shervin Hajiamini, shajiami@eecs.wsu.edu, Washington State University
